“Your Association and You”

SLA is acting to ensure its future. Reflecting on what members have been asking, we are focusing on a rebranding initiative this year to make our image more in line with what we think it should be. We are seeking to make changes not for their own sake but to streamline and improve the services we provide so they will be ever more relevant and in order to enable members to focus on the content they are interested in rather than on bureaucracy. Hope will share what SLA is doing and why and encourage members to share their insights.

Hope is an enthusiastic and entertaining speaker. Don't miss this opportunity to learn about your organization!
