Northcoast Notes is published three times per year and has a circulation of 300. For advertising rates and publication schedule, please contact Patti Graziano, phone number.

The 1997 Betty Burrows Seminar will be held on Friday, April 25, 1997, at Landerhaven.

We are pleased to present two well-known speakers: Dr. James M. Matarazzo, Dean and Professor, Simmons College, Graduate School of Library and Information Science, and Laurence Prusak, Managing Principal with IBM Consulting Group, Boston. Both speakers have published widely and have co-authored the 1995 SLA Publication,

"The Value of Corporate Libraries: Findings from a 1995 Survey of Management." Dr. Matarazzo will speak on "Evaluating the Special Library" and Mr. Prusak will present "An Overview of Knowledge Management."

Further information and registration forms will be mailed at the end of February. Save the date and watch for details in your mail. For further information please contact Joan Long, Betty Burrows Chairman (Phone: 330-972-7197; e-mail: jclong@uakron.edu)

Thanks from the KSU SLA
Student Chapter

The officers of the Kent State School of Library and Information Science, SLA Student Chapter, would like to thank all of the librarians and information specialists who participated in the November 4 meeting of the SLA Cleveland Chapter. The meeting, which was held at Kent State, was on "Traditional and Alternative Careers in Librarianship."

Each professional's description of her or his career experiences in library and information science and the one-on-one discussions that followed provided the student attendees with helpful insights into the various opportunities in library careers. Also valuable were the discussion of practicums and job opportunities available as well as the literature that was distributed about the various libraries.

The student chapter would especially like to thank Sara Hill, Debra Canale, Raghini Suresh, and Marcia Zeng for their assistance in organizing the meeting.

Computer Recycling Center

The Computer Recycling Program sponsored by the Cleveland Technical Societies Council (CTSC) needs your help. The program refurbishes donated computers provided by business and lends the computers to area educational programs in Northeast Ohio. The computers are refurbished by volunteers at their donated office space located at 11328 Euclid Avenue (University Circle corner of Mayfield and Euclid.) Storage areas, donations and volunteers are needed to continue the success of this growing program. If you would like to participate in this program, donate computers and

accessories or receive further information, please leave a message at 216-791-3000 or call Fred Lisy 261-43636, evenings. On behalf of the entire Council and the future scientists, engineers, and technicians, we thank you!

Annual Conference Web Page For Seattle 1997

To help in planning your trip, the Pacific Northwest page has all you need. Visit it at <http://sla.microsoft.com/>

Seattle Conference Swap & Shop. June 7-12, 1997

The Seattle Conference is right around the corner! This year we encourage you to submit your library's web pages, printed materials, special materials, and videos. Swap & Shop attendees will view your materials and vote for their favorites. Contact Sandy Cobb for a submission form. 216-266-3216

connected with your job or a special perk. The Northcoast Notes needs your input. Will you make a commitment to submit an article in the coming year? Send articles, items, suggestions to sandra.cobb@lighting.ge.com or fax to (216)266-2063.

LET'S GET CONNECTED

If you have a new email address, please send it to Sandy Cobb to update the chapter email list at sandra.cobb@lighting.ge.com.

The email list will be used for reminders and will be forwarded to Sue Branchick for the next Chapter Directory.

MEMBER PROFILES

(With this issue we are beginning a column about individual Cleveland Chapter members and their libraries. If you would like to contribute an article about your library or another member's email the editor.)
