## **Important Message: Postal Mailing of Program Announcements to Cease**

As part of an initiative to facilitate communications with its members and to mitigate rising program costs, the MI Chapter will begin to publish program announcements electronically, with email as the primary method of distribution. **This meeting flyer will be the last one that is mailed directly to you.**

In order to receive proper notification of upcoming programs, it is important that you have your correct email address(es) on record with the Association. **You should have received this announcement by email also.** If not, please verify that your information with the Association is up-to-date to make certain that you continue to receive meeting announcements. MI Chapter Members who do not have an email address on record will continue to receive program announcements by postal mail, but this may cease at any time.

To update your membership information, go to the "Member Log In" box on the SLA website at <http://www.sla.org>. Click on the "[Help]" link if you need assistance with your login. Once you are logged in, click the "Membership" button, then the "Update Your Information" link on the left hand side.
