

## SLA San Diego Chapter Meeting

Tuesday, May 15, 2007

3:00 p.m. – 5:00 p.m.

### Firefox: Another Web Browser Option

Have you wondered about Mozilla's Firefox browser? Do you use Firefox but want to learn more about what it can do for you? Then this is the program for you!

This presentation will start with the basic features of Firefox and quickly move on to another level of enhancements: Plug-ins, Themes, Search Engine links, and best of all, Extensions! As the Internet evolves and becomes more sophisticated, so are the browsers that we use to access it. The newest and best browser tools usually first appear with the Firefox browser.

**Presenter:** Daniel Fitz-Enz, MLIS

Daniel is a Training and Information Specialist for CSA. He spends most of his time either investigating or training customers on technical issues related to CSA products. He has trained librarians in 14 states, taught HTML classes, and been a webmaster. He received his MLIS from the University of Hawaii at Manoa. He can be contacted at [dfitzenz@csa.com](mailto:dfitzenz@csa.com).

**Location:** QUALCOMM Incorporated  
5775 Morehouse Drive, San Diego, CA 92121
