

## SLA San Diego Chapter Meeting

Wednesday, February 20, 2008

3:00 p.m. – 5:00 p.m.

### **Power Networking for Introverts** with Marcy Phelps

Does the thought of walking into a room full of strangers scare you to death? Would you rather have a root canal than promote yourself? Networking does not come naturally to many of us, yet it's a great way to advance your career and your information center's services. Learn from a true introvert about overcoming your fears, building relationships, and becoming a power networker.

#### **Speaker**

Marcy Phelps is the founder and president of Denver-based Phelps Research. Marcy is a member of the Rocky Mountain Chapter of SLA. She frequently speaks on topics related to research and business networking. She authors the blog "Power Networking for Introverts: A blog by an introvert for introverts."
