

**Denver 2007 DCHE DRAFT Preliminary Schedule – 10/27/2006**

***Not all aspects of this schedule have been confirmed, and it is subject to change. However, it accurately reflects the information we have to date.***

Lead Division in **Bold** and listed first.

Co-planner prime responsibility in brackets:

Ben= A. Ben Wagner. Marie=Marie Fraties-Block.

**Sat. June 2**

**CE Courses**

All day – *Chemistry for the Non-Chemist Librarian*

Instructors: Bartow Culp and Judith Currano

All day – *Diving Into Patents: A Primer for Librarians* (Co-sponsor: Engineering Div.)

Instructors: Michael White, Denise Callihan, Leena Lalwani.

6-8 p.m. – Early Bird Dinner (**DCHE**)

**Sun. June 3**

**CE Courses**

Morning: *Chemical Information Sources, Requests, and Reference*

Instructors: Denise Callihan, Bartow Culp, Judith Currano

Afternoon: *Taking the Bite Out of Substructure and Polymer Searching.*

Instructors: Ted Baldwin, Judith Currano

9:30 a.m.-12 noon – **DCHE** Board Meeting (only 1 meeting since officers are not changing)  
[Ben]

12-2 p.m. – Newcomers Lunch (**DCHE**, ST, BIO) – actually expect it to be 90 minutes. [Ben]

***2-4 p.m. – Exhibits –no conflict time***

4-6:30 p.m. – Open main session – Al Gore. No conflict time.

**Mon. Jun 4**

7-8:30 a.m. [Slot 1] – Academic Chemistry Librarian Roundtable (**DCHE**) [Ben]

Moderated discussion of topics of concern to academic chemistry librarians.

[Ticketed Event]

***9-11:30 a.m. – No conflict time (General Session 1 & Exhibits)***

11:30 a.m.-1 p.m. [Slot 2] – Hybrid Vehicles [Working title] (**TRANS/ENG/MRM**) [Marie]

1:30 – 3 p.m. [Slot 3] – Chemistry Vendor Roundtable (**DCHE**) [Marie]

This annual session features presentations from vendors regarding new and up-and-coming releases to their products.

***3-4 p.m. – Exhibits no conflict time***

4-5:30 p.m. [Slot 4] – Science of Beer [ST, FAN, DCHE] [Ben]  
Speaker: **Charlie Bamforth**, Anheuser-Busch Endowed Professor of Brewing Science, University of California Davis.

5:30-7:00 p.m. – **DCHE** Information Literacy Committee [Marie & Committee co-chairs]

## **Tue. Jun 5**

7-8:30 a.m. [Slot 5] – **DCHE** Business Meeting/Breakfast [Ben]  
[Ticketed Event]

9-10:30 a.m. [Slot 6] – Collection Development in the Electronic Age (Papers/panel) (**DCHE**)  
[Ben]

A panel of practicing librarians will share their strategies for the evaluation, acquisition, and management of electronic books and journals. How does one determine when it is safe to go electronic only and the cost-benefit ratio? How does one make good use of use statistics? Should preference be given to electronic reference acquisitions? Find out how others are answering these questions.

11 am – 12:30 pm [Slot 7] – How to find spectra/crystallography (**DCHE, PAM, ENG**) [Marie]  
Presenters: Elizabeth Brown? (Spectra) & Dana Roth (Crystallography)  
Learn the basics of spectroscopy and crystallography including what they are, listings and descriptions of the various types, key parameters that scientists are seeking, and the key sources where these parameters can be found. This talk will be especially valuable to science librarians who receive questions related to spectroscopy and crystallography.

***12:30-2:30 pm – Exhibits with lunch – No Conflict time***

2:30-4 p.m. [Slot 8] – Environmental Chemistry issues of government sponsored weapons and energy industries (**ERM, DCHE**) [Ben]

Government agencies are both regulators of and major customers of the weapons and energy industries. Prior to environmental legislation of the 1960s, these industrial processes regularly contaminated the soil and groundwater, exposing people and wildlife to hazards. Learn about the environmental chemistry issues, clean up initiatives, and the information requirements to support both environmental stewardship and the ongoing industrial processes.

***4:30-6 pm –SLA Annual Business Meeting – No Conflict Time***

6-7 pm – Division & Chapter Cabinet Meetings

7-8 pm – Leadership Reception

6:30-8:30 pm – All Sciences Reception (**ST, ENG, DCHE**) [Ben]

8-11 pm - **DCHE** Open House [Marie]

## **Wed. Jun 6**

7-8:30 am [Slot 9] – Corporate Librarian Roundtable (**ENG**, DCHE) [Marie]

***9-10:30 am – General Session 2 – No conflict time***

11 am – 12:30 pm [Slot 10] – Poster Session - New technologies in instruction and training.  
(**DCHE**, ST, PAM) [Ben, Marie, & additional coordinator].

A lively session of poster presentations. Blogs, wikis, podcasts, webinars, RSS feeds, and personal response systems (clickers) are just some of the technologies everyone is talking about. Learn how your colleagues are actually using new technology to communicate with and educate their patrons.

1-2:30 pm [Slot 11] – Science Education via Graphic Books [**DCHE**, Educ] [Marie]

Speakers: Lois Gresh (Confirmed); James Kakalios?

Q: What's faster than a speeding bullet? A: The rise of comic book usage in libraries and in other educational settings! Comic books were once shunned by librarians and educators, but now both Comic Books and Graphic Novels are used to educate science students and working chemists, physicists, and other scientists. Come listen to panelists talk about this new book genre and how it is being used in the classroom and beyond.

3-4:30 pm [Slot 12] – IHS Standards Field Trip (**ENG**, MRM) [Marie]
